

## Game Guide

Each of our outdoor tours, thought out to the last detail, tells you an exciting story and at the same time leads you through the streets of your town.

You will be given a mission case and an iPad, which will guide you through the city and give you tasks or puzzles at certain points.

Of course we will give you a proper briefing at the meeting point and explain the game to you in detail. Your team will have 2-3 hours to solve tricky tasks and puzzles, follow clues and solve the mystery.

## The Elixir of Power (5-7 players)

A miraculous find causes a stir in your town: a mysterious, ancient wooden cube was found during an excavation. Everything indicates that it contains a powerful formula - the formula to the philosopher's stone! But only those with enough wisdom and courage will be able to unlock the cube's secrets.

Equipped with an iPad and the wooden cube, you will go through the streets of your town to solve the mystery. Are you ready to take on this fabulous mission? Then be careful: because there are many who want to win the elixir of power for themselves!

## Fun for young and old

Our outdoor mission „The Elixir of Power“ offers an incomparable experience for your next outing. A team of 5-7 people explores the city together in the fresh air. The iPad guides you and gives you puzzles and tasks with which you can hopefully open the wooden cube. The game is playable from 14 years, but also challenging and exciting for adults.
